

Dashboard

Contents `</> 50`

```
<div layout="row" layout-align="space-between center" style="padding: 0 6px;">
  <p>50%</p>
  <font color="{{msg.payload ? 'white' : 'green'}}">
    <i class="fa fa-bars fa-5x" aria-hidden="true"></i>
  </font >
  <font color="{{msg.payload ? 'white' : 'green'}}">
    <i class="fa fa-bars fa-5x" aria-hidden="true"></i>
  </font >
  <font color="{{msg.payload ? 'white' : 'green'}}">
    <i class="fa fa-bars fa-5x" aria-hidden="true"></i>
  </font >
</div>
```

It should look like that

Contents `</> 50`

?????

I would like to swap the 3 "Font Awesome symbols". In the end, one bar should be created per template, which also changes color depending on the input. I am not familiar with it.
